 hi david,

i wanted to extend my gratitude for all of your efforts in completing such a smooth closing that entailed purchasers that were first time home buyers with some credit issues and a 30 day closing no less. you were great in keeping the buyers informed on what needed to be submitted and required for that quick closing. i am impressed with your efficient followup which often meant phone calls on weekends and late evenings to get the job done. as an experienced agent in real estate for over 15 years, i am very pleased with the level of service my clients and myself recieved. working with other banks and mortgage companies that do not return calls on weekends or after typical business hours has been the norm in our business. i will definitely continue to refer clients to you with full confidence to get the closing done and make the world a happier place!

sincerely yours,
betty barnes, associate for coldwell banker
