

**Patsy Gardner**

House/pet sitter extraordinaire. Stanford University retiree has been providing special TLC for over 20 years including residents of the Stanford community. I am a non-smoker/drinker, excellent health with lots of energy. I am exceptionally neat, clean and will care for your home as if it was my own, in a very non-invasive manner. Previous homeowner.

Leave home and feel confident your pets; home and garden are in the best of care. Highly recommended, bonded, mature judgment, responsible and trustworthy. And I love what I do!

Short/long term. In addition to positions in Santa Fe, Santa Barbara, Sonoma and local communities, I had the good fortune to house/pet sit in Australia two different times and also in Bangkok.
