

Janise's Bio

Janise has loved and treasured animals all of her life. She has a B.S. degree in Biology from the University of California. While raising her 2 daughters on a 2 acre " farm" in Yucaipa, California she acquired experience caring for many different kinds of animals including dogs, cats, horses, chickens, turkeys, turtles, sheep, pigs, goats, geese, bunnies, guinea pigs, rats, snakes, owls, and a kestrel. She has milked goats, whelped puppies and cared for pregnant mares and foals. She worked as a Medical Technologist for 14 years and as a Therapeutic Specialist for GSK for 18 years and, now, is finally fulfilling her dream of working with animals. She is a massage therapist, a member of Pet Sitters International , the Humane Society and is a vegetarian. She considers her pets as part of her family and honors them by meeting each one's individual needs. She, currently, lives in Saratoga with her husband and her two rescued dogs Barkley and Derby. She boards her horse, Mr. Morgan, at Indian Hills Ranch in Milpitas where she enjoys learning Natural Horsemanship, dressage and trail riding. When she's not riding her horse or walking her dogs she enjoys writing fiction and spending time with her 1 year old granddaughter in Mountain View. She will give your beloved pets the same love, respect and quality of care that she extends to her own animal friends.
